To whom it may concern;

This letter certifies SPECTRUM METAL FINISHING INC. is an approved applicator of both TRINAR® and ACRA-BOND® ULTRA Organic Coatings. Each coating has unique properties, but specifically TRINAR® meets or exceeds all specifications under AAMA 2605 and ACRA-BOND® ULTRA meets or exceeds all specifications under AAMA 2603.

SPECTRUM has proven that their paint line equipment and Quality Control procedures meet all the requirements of an AkzoNobel approved applicator. This includes regular submission of test samples as well as passing all accelerated tests under the appropriate AAMA specifications mentioned above.

AkzoNobel Coatings Inc. monitors Approved Applicators on a regular and ongoing basis to insure that all necessary quality standards and procedures are met. AkzoNobel Coatings is a fully licensed manufacturer of 70% KYNAR 500® and HYLAR 5000® coatings, TRINAR® and TRI-Escent® II are registered trade names of AkzoNobel High Performance 70% PVDF products.
